Welcome to Tel Aviv University Student Union!

The Buddy System is the Student Union's project for integration of international students within the student society on campus and outside it through personal friendships between everyone involved.

How does it work?

The system consists of pairs of "Buddies"- one of which is International and the other Israeli.

We match the pairs according to your majors, languages and shared interests. Other than the personal connection between you and your buddy, we also have many events on and off campus for the entire Buddy System program- Parties, off-campus tours, volunteering, Buddy race and much more!

How can you join?

All you have to do is fill in the application form on our website page:

www.student.co.il/buddy-system-0 and let us find you the perfect Buddy out of hundreds of Israeli students, all eagerly waiting to meet people from different places and cultures!
